

Testing and Installing Zoom on iOS

- 1) Open the App Store for your device and install Zoom. The full name of the app is **Zoom Cloud Meetings**
- 2) After the Zoom app is installed, Open a web browser and go to <https://zoom.us/test>
- 3) Click the **Join** Button

- 4) When asked to "Open in Zoom?", tap **Open**

- 5) If this is your first meeting, complete the first run steps to setup zoom.
- 6) Select whether or not to join with Video
- 7) Tap the option to **Call using Internet Audio**
- 8) **You are now ready to join Zoom meetings.**
- 9) During the meeting, use the Q&A or Chat button to submit questions or comments.

Now that Zoom is installed, the next time you click a link to **Join a Meeting**, you will automatically open the meeting in the app.

Additional help on how to use Zoom can be found online:
