

September General Membership Meeting

7:00 PM

Monday, September 13, 2021

Bowl-A-Vard Lanes
2121 E Springs Dr
Madison, WI 53704

Dan Donovan

CCMI Board Member and Owner of Musky Fool Fly Fishing Co

---Presenting---

“Musky Fly Fishing-Why should you consider it as a tool in your toolbox, how it compares to gear (advantages vs disadvantages), fishing lakes and rivers with a fly rod and breaking down river structure”

Opportunity to Win Musky Fool Fly Fishing Co SWAG

Wisconsin born and raised. As a young kid, Dan started Musky fishing with conventional tackle on the lakes of Northern Wisconsin and Waukesha County. Thanks to his Dad and Uncle he was bit by the “Musky” bug early in life. Dan attended the UW and has lived in Madison with his wife, Jenn, ever since. He spent the last 10 years as a CFO growing healthcare technology startups. About the same time, Dan picked up a fly rod to chase Musky. He still remembers the day it all came together, it felt like this inevitably in his life. . . It would be just a matter of time before he put the two together. In the last year Dan left the fancy startup world behind to start Musky Fool Fly Fishing Co, the first Musky only fly shop and brand focused on the great sport of Musky on the Fly!
