

Prez Sez

Do you remember back when we had no snow and it seemed like winter was finally behind us...wait, that was just last week! Last weekend's snowstorm really was a reminder that we live in Wisconsin, and you can't say that winter is over until mid-May. Just think, in a few months will probably be complaining about hot water!

One thing I did learn was that our Muskie School does not have any snow days! We had an amazing turnout and from what I've heard everyone had a really great experience. Thank you to everyone who helps put this event together!

Up next is our Annual Fundraiser on April 15th featuring Chas Martin. As always, we will have a ton of raffle prizes in addition to a great seminar. Just by registering, you are entered into a drawing for a rod and reel. I hope to see you there!

We are just a few short weeks away from musky season in southern Wisconsin and I can't wait to try out all the new gear I acquired over the last couple months. April is your opportunity to get the boat ready, sharpen hooks, and if you're like me, catch some walleyes for the freezer before the "real" fishing starts!

A couple more Thank Yous...Chris Smith has taken over the Vice President position and Jeff Lyon has joined our Board of Directors. There are still a couple vacancies on the board if anyone is interested in helping out the chapter.

Make sure you get the "Honey-Do" list done this month so you can have more time to fish the rest of the year!

Brian Falleck

president@capitalcitymuskiesinc.org

-People often ask me if fishing is my favorite hobby. I tell them that breathing is a hobby, fishing is much more important than that.

37th Muskie Seminar & Fundraiser
April 15, 9-00 AM
Bowl-A-Vard Lanes

CHAS MARTIN
"FINDING A WAY TO WIN"

Purchase tickets online before April 8
www.capitalcitymuskiesinc.org

Chas Martin will be the featured speaker at this year's seminar and fundraiser. He will be presenting about reviewing your strategies, decisions, and using patterns to find the big muskies!

This event is one of the primary sources of funds for CCMI that allows us to hold our outings and fund muskie stocking in the Madison chain. There will be hundreds of items to win in the raffles and silent auctions.

The meeting is open to everyone. Invite your friends and family to experience what will be a fun event and informational presentation.

2023 Event Calendar

April 15	Annual Fundraiser featuring Chas Martin , Musky Mastery Guide Service
April 21-22.....	Iowa Hawg Hunt
May 8	General Member Meeting @ Bowl-A-Vard
June 3	Kleeba Challenge
June 12	On the Water Meeting @ Goodland Park
June 24	Wisconsin Youth Muskie Championship
June 23-24.....	Bill Wood Memorial Outing
August 14.....	On the Water Meeting @ Goodland Park
August 19-26.....	Lake of the Woods Outing
September 9	Pit Tag Challenge
September 11	General Member Meeting @ Bowl-A-Vard
Guest Speaker: Chris Taurisano of T-Bone Guide Service	
October 7.....	Fall Muskie Tournament
October 9.....	General Member Meeting @ Bowl-A-Vard
Guest Speaker: Darragh Cutter of Cutter Services	
October 13-14	Vilas County Outing
November 13.....	General Member Meeting @ Bowl-A-Vard
Guest Speaker: Shawn Josephson & Ryan Knapp	
December 11	General Member Meeting @ Bowl-A-Vard
Guest Speaker: Michael Hanson - Namekagon Area Guide Service	

Garage Sale-Muskie Lure Collection

April 7 & 8 from 7am-5pm
4514 Jade Lane, Madison, Wisconsin

Dennis Lytle is donating approximately 600 Muskie baits to the Capital City Chapter of Muskies Inc. All proceeds will go to the club. The baits will be sold at a Garage Sale at the above location and time. Most of the baits are from a personal collection and have not been in the water. Many unique brands of baits

CCMI Release Report

Chris Smith- Release Chairman / ccmireleasechair@gmail.com

Hello, Capital City Members! As the ice melts away and the lakes and rivers come alive with the beauty of spring, it's time to get our minds back on the things that matter, crushing huge fish! I'm excited to kick off another fantastic year of fishing, and I want to congratulate everyone who made the 2022 season a huge success!

Last year's season was phenomenal, with members across the club reeling in some of the most impressive Muskies we've seen in years. We witnessed numerous record-breaking catches and countless moments of camaraderie and sportsmanship. The 2022 season has undoubtedly set the bar high for this year, and we couldn't be more excited to see what 2023 has in store.

As we embark on this new season, the release chair likes to remind everyone of the importance of logging your catches within 30 days of release and a request to fill out lunge log data as best as possible. Lunge data helps us track the health of the Muskie population and ensures that your hard-earned catches get the recognition they deserve. We capture helpful information to be used by our members.

A few special requests for this season:

1. Please email your end-of-year replica releases with a picture with the release form attached (which can be downloaded from the CCMI website). We have two divisions (in-state and out-of-state), and it saves a ton of leg work tracking it down. Please include Replica 2023 in the email title. *I promise your releases to stay safe with me until the end of the year*
2. Please log all data in the lunge log to the best of your ability. We can gain great insights and share data with the members.

As we kick off the 2023 Muskie fishing season, I wish you the best of luck! May your lines be tight, your bait irresistible, and your releases be memorable. Tight lines and keep those hooks sharp! We will see you on the water.

2023 Release Standings

Rowan Stamm	1	4	30

2022 CCMi Award Winners

At our March meeting, we recognized our members for the muskies they caught throughout the previous year. Categories include the Lunker of the Month for largest muskie caught that month, division winners for most points in the division, and largest muskie awards. There is also a drawing for a replica winner that is chosen from the Big Fish contest entries.

CCMi Lunker of the Month Winners

May: Brain Skaife, 50.5"
August: Chris Smith, 54"
November: Nathan Jandl, 52.5"

June: Rowan Stamm, 50.5"
September: Adam Bergendahl, 51.5"

July: Karl Voeck, 55.25"
October: Troy Schoonover, 52"
December: Adam Bergendahl & Brad Nelson, 47.5"

Rookie of the Year: Luke Will
Largest Hybrid Release: Fred Schulze
Largest Pure Release: Karl Voeck
Largest Dane County Release: Nathan Jandl
Largest Junior Release: William Christ

Hat Trick Winners

Devyn Hanson & Eric Olson

Division Winners

Junior Division: Devyn Hanson
Women's Division: Jennifer Carpenter

Men's Division: Jeff Lyon
Men's Masters: Brad Nelson

Muskies Inc. National Award Winners

Junior Fry Division, 3rd place: Devyn Hanson

Fingerling Division, 2nd place: Thomas Lyon

Fly Division, 3rd place: Rowan Stamm

Lunker of the Month, May: Brian Skaife

Longest Release, Fly: Nathan Jandl

Men's Division First Place: Brad Nelson

Men's Masters, Second place: Jeff Hanson

Longest Release Men's Division & Lunker of the Month, July: Karl Voeck

Reproduction Contest Winners

Wisconsin Muskie: Kyle Kramer

Outside Wisconsin: Jeff Lyon

Previous Reproduction Winner Drawing: Craig Wood

Peace

If you've been hurt in an accident or at work, your life is anything but peaceful. Dealing with insurance adjusters, employers and medical providers can be stressful. Our experienced attorneys will carry that burden for you.

Peace of mind.

We know you're in pain. We understand that injuries take time to heal. We will do everything we can to relieve the worry you are feeling while you are healing so you can concentrate on your health.

Peace of body.

We are here to help you attain a financial recovery that is fair and just. You might not have a million dollar case. But you deserve to be treated like you do. We will treat you honestly, with dignity and respect.

L&C Lawton & Cates, s.c.

When you need an attorney, trust the voice of experience.

Peace of spirit.

CCMI Lifetime Achievement Awards

During the awards ceremony, CCMI also recognizes members who contributed greatly to our chapter and thanks them for their contributions. This year, three CCMI members were recognized and received CCMI Lifetime Achievement awards.

Denny Leitl

Gary Hoffman

Dan Reim

Scot Stewart

At the 2023 Muskie School, Scot Stewart was presented with his CCMI Lifetime Award from 2020.

Scot Stewart, Retired DNR District Supervisor Southern Region, a CCMI Member, and Muskie School Instructor belatedly receives his 2020 Lifetime Achievement Award from CCMI at the recent Muskie School. Scot was instrumental in bringing stocked Muskies into the Madison Chain of lakes. Increasing the size limit of Muskies from 34" to 50" in this area. As well as initiating the Wisconsin Strain-Leech Lake Strain Muskie growth study starting in 2005.

Stocking Event Scheduled

Greg Voss, CCMI Stocking Chair

Wednesday, April 5, 2023 at 9 AM near the Olin Park Boat Launch a joint CCMI/WDNR/Gollon Bait & Fish Farm stocking of yearling (hatched spring 2022) Wisconsin Strain muskies is scheduled. In case of inclement weather, the site may be changed for more favorable wind direction or the date may be delayed one day for better weather conditions. As of 3/31/23 the weather forecast looks favorable for the event to occur as scheduled 4/5/23 at 9 AM.

This is an extraordinary spring stocking event. You may recall that in the fall of 2022 about 2,700 Great Lakes Strain musky fingerlings (hatched spring 2022) from the WDNR Wild Rose Fish Hatchery were not stocked as expected into Lake Monona, Lake Waubesa, or Lake Wingra. In addition, a planned stocking of 500 Leech Lake Strain musky fingerlings (hatched spring 2022) were not available from the Minnesota Muskie Farm to stock into Lake Monona as in previous years. CCMI only learned about both these unfortunate developments only a few days before their target dates for stocking. Thanks to donors, supporters, and CCMI members CCMI located 350 Wisconsin Strain musky fingerlings (hatched spring 2022) from Gollon Bait to purchase and stock into Lake Waubesa in the fall of 2022. This extra effort was made to avoid missing an entire year class (2022) of muskies stocked into the Madison Chain.

In addition, again thanks to donors, supporters, and CCMI members, CCMI has scheduled to purchase and stock approximately 600 Wisconsin Strain musky yearlings (hatched spring 2022) from Gollon Bait & Fish Farm in Dodgeville who successfully overwintered them in their outdoor ponds. Yearling muskies are rarely available for purchase due to facility constraints, feeding costs, or heating costs.

The WDNR has issued the permit to stock these yearling muskies as a onetime event. In general, the WDNR would not approve a stocking permit for yearling muskies in the years that muskie fingerlings are stocked since that may complicate research data comparing various year classes for growth and survival rates. The Madison Chain has benefitted from several years of annual musky fingerling stocking from the WDNR hatcheries and supplemental musky fingerling stocking of the Leech Lake Strain by CCMI. More details about these past musky stocking events can be viewed on CCMI's website – Fisheries – Musky Stocking – chapter's stocking history. Almost 26,000 muskies stocked into the Madison Chain at a CCMI cost of about \$142,000 since 1986!

Yearling muskies typically have a higher survival rate than musky fingerlings. These 600 WI Strain musky yearlings are targeted for PIT tag insertion and individual data recording by WDNR on April 5th. If successful, the research data from this April 2023 musky yearling group could offer interesting comparisons for the future of musky fishing in the Madison Chain.

A handful of CCMI members have already volunteered to assist with the April 5 stocking process. If any CCMI member, donor, or supporter would like to join us on April 5 to volunteer or just observe, you are most welcome and encouraged to do so.

Thank you to everyone who volunteers at any CCMI event or provides funds in any way for CCMI musky in the Madison Chain. We have an extraordinary musky fishery in the Madison Chain; let's do our best to keep it that way into the future.

MADISON MUSKIES FOREVER!

Wisconsin Department of Natural Resources: Spring Hearings 2023

Lee Bartolini

The Wisconsin Conservation Congress and the Department of Natural Resources will provide an opportunity for public input regarding proposed changes to fishing and hunting rules, regulations, legislation, and “other natural resources questions” during a four-day window in April 2023. Input is provided by responding to a series of survey questions which ask participants whether they approve, support, or favor the proposed changes, or whether they do not approve, support or favor the proposed changes. Participants can also indicate whether they have no opinion regarding proposed changes. In the past, hunters, anglers, and anyone else interested in these issues could attend an in-person hearing, but in recent years, primarily because of the Covid pandemic, participants can only provide input online. As stated on the WDNR webpage, “The online questionnaire will be available through a link (on the webpage) **from April 10 at noon through April 13 at noon.**”

Survey questions can be reviewed ahead of the official opening of the questionnaire. Go to the WDNR webpage (dnr.wisconsin.gov). Scroll down the page, and click on “Conservation Congress.” When the Conservation Congress page appears, click on “Spring Hearings” in the right-hand column. There are three categories of survey questions in the “Spring Hearings.” Under “Wildlife Management Proposed Rule Changes,” there are nine questions related to hunting and target shooting. Under “Fisheries Management Proposed Rule Changes,” there are 29 questions related to fishing. Under “WCC Advisory Questions,” there are 38 additional questions related to fishing, hunting, the environment (including banning the use of lead jigs and sinkers [question #16]), and specialized issues such as “Hazardous Wake from Wake Surfing Boats” (questions #25 through #30), and creating a free fishing weekend for veterans (question #36). In addition to the three categories of questions identified above, there is a section on frequently asked questions (Spring Hearing FAQ.)

There are only two proposed changes to current rules and regulations directly related to muskie fishing in this year’s list of questions.

Question #10, under “Fisheries Management Proposed Rule Changes”, it is noted that the opening day of the muskie season in the northern half of the state is the Saturday prior to Memorial Day while in the southern half of the state, the opening day is the first Saturday in May. The proposal is to change the opening day in the northern half of the state to the same as in the southern half of the state. Ice fishing for muskies would be prohibited statewide.

Question #27, under “Fisheries Management Proposed Rule Changes,” addresses the size and bag limits of muskies on specific bodies of water. Essentially, the proposal is to increase the size limit for keeping muskies from 40” to 50” with a daily bag limit of one fish on the following waters:

“The Wisconsin River (Marathon and Portage counties), waters in the Oconomowoc and Illinois-Fox River watersheds (Waukesha County – This includes Pewaukee, Okauchee, Oconomowoc, Fowler lakes, Lac LaBelle, and connecting portions of the Oconomowoc River from Lac LaBelle upstream to North Lake.), Plum Lake (Vilas County), Turtle-Flambeau Flowage and connected waterbodies (Iron and Vilas counties) highway bridge (Lincoln, Marathon and Portage counties.)”

Additional questions which may be of general interest to local anglers is a proposal to have the DNR implement a mandatory self-registration system for small tournaments that could be used to collect data on the number and types of small tournaments and participants across Wisconsin waters (question #12); applying a daily bag limit of 10 panfish and no minimum length limit for Lake Mendota in Dane County (question #34); and finally, a question (#38) regarding the harvest of minnows (allowing personal bait harvest of minnows from VHS-affected waters, using legal nets and traps, as long as no live minnows are moved away from the waterbody of harvest.)

The results of the survey are not binding, but they provide much needed information to the DNR regarding the preferences of the sporting community. Much more detail regarding the purpose of each proposed change is provided in the survey questionnaire. The spring hearings survey questions provide a rationale for all of the proposed changes. Anglers are encouraged to take part in this opportunity to let the DNR know what your preferences are. Read the rationales and the questions carefully. Your answers provide guidance to the decision-makers about proposed changes to fishing rules and regulations.

CCMI Mentoring Program

Lee Bartolini

The Capital City Chapter of Muskies, Inc. conducts a mentoring program for its members. If requested, an experienced club member will help or assist (or mentor) another member in developing specific fishing skills or acquiring knowledge about a particular topic or body of water. These informal associations have been very successful in the past in helping members learn more about muskie angling, as well as helping newer members meet some of the more knowledgeable muskie anglers in the club.

If you need or want assistance in some aspect of muskie angling, contact Lee Bartolini by email: Lbartolini8475@charter.net, or by phone: (608) 293-4108, and he will try to match you up with a mentor to assist you. Assistance may be requested in a general area (I would like to know more about Lake Monona.) or a specific area (I would like to learn how to make my own leaders.)

CCMI members who are willing to be a mentor, who are willing to help or assist another club member in some aspect of muskie fishing, are invited to let Lee know of their interest. If you would like to be a mentor and help another CCMI member, contact Lee at the phone number or email address above.

RESORT STAY GIVEAWAY

HOW WOULD YOU LIKE TO WIN A FREE WEEK-LONG RESORT STAY FOR YOU AND A GUEST AT EITHER TREELAND RESORT IN NORTHERN WISCONSIN OR ACORN HILL RESORT IN MINNESOTA?

SIMPLY JOIN MUSKIES, INC. OR RENEW YOUR CURRENT MEMBERSHIP AND YOU WILL BE ENTERED INTO A DRAWING TO WIN!

YOU WILL RECEIVE ONE ENTRY FOR EACH YEAR OF MEMBERSHIP!

- 1 YEAR MEMBERSHIP = 1 ENTRY
- 2 YEAR MEMBERSHIP = 2 ENTRIES
- 3 YEAR MEMBERSHIP = 3 ENTRIES

THE MEMBERSHIP COMMITTEE WILL RANDOMLY SELECT TWO WINNERS ON NOVEMBER 15, 2023.

JOIN OR RENEW YOUR MEMBERSHIP TODAY!

* EACH WINNER WILL HAVE 24 HOURS TO ACCEPT OR DECLINE THE NON-TRANSFERABLE RESORT STAY. WINNER WILL RECEIVE A 1099 FOR PRIZE VALUE.

CHOOSE
ONE

Treeland Resorts invites you to join the Treland family on the Chippewa Flowage, Wisconsin's largest wilderness lake! Fall in love with wide open spaces, 17,000 acres of water, 140+ islands and 200 miles of shoreline virtually undeveloped.

www.treelandresorts.com

Acorn Hill Resort is a family resort located in northern Minnesota on Leech Lake with excellent fishing for walleye, musky, northern pike, crappie, largemouth bass, smallmouth bass, and panfish.

We are open year-round, so if you fish open water or hard water or love to water ski or snow sled, we are available and here for you.

Musky Daze Tournament

Muskies Matter Inc is holding their annual Musky Daze Tournament on Castle Rock June 10-11th. This is their big fundraiser that allows them to stock muskies in Castle Rock Lake. If you are interested in this event check out their [Facebook page](#) for more details:

[Link to Tournament Rules](#)

[Link to Registration Form](#)

Larry Kleeba Chapter Challenge

June 3 and 4, 2023

The **2023 Kleeba/Chapter Challenge**, hosted by the Capital City Chapter of Muskies, Inc. (CCMI), is scheduled for June 3 and 4, 2023 on Madison chain of lakes (Lake Monona, Waubesa and connecting waters), Wisconsin. This event is intended to be a fun and friendly contest between Muskies, Inc. chapters. Awards will be presented to the winning chapter team.

Teams: Chapters of Muskies, Inc. may enter any number of anglers and a team can have up to four anglers per boat. At least one angler per boat should attend the rules meeting held on Face Book live on Friday night June 2nd. CCMI, needs to know the approximate number of anglers who will be participating by May 25th to plan for food and meeting space. Participants can register and sign a release of liability form online at: <https://www.capitalcitymuskiesinc.org/>. We hope each local M.I. chapter can field at least 1-2 anglers.

- There will be a rule meeting on Friday evening hosted by President Brian Falleck on Facebook live. The Facebook live link we be sent to registered teams prior to the event. During this meeting, any additional questions will be answered.
- Fishing hours will be Saturday at 6 a.m. until 4:30 p.m. followed by a catered meal at the Bowl-A-Vard lanes (2121 E Springs Dr, Madison, WI 53704) with happy hour starting at 6 and dinner at 7.
- Fishing will continue Sunday from 6 a.m. until noon with awards starting at 1p.m. at the Olin Park boat launch. This is Wisconsin's free fishing weekend so no need for a fishing license.

Fish Registration:

- All fish caught on Saturday must be registered by 5 p.m. and fish caught on Sunday must be registered by 12:30 p.m.
- A picture of the fish on a bump board or similar measuring device is required and submitted to Winston Hopkins at winstonjhopkins@gmail.com or by phone 608-577-3184.
- Muskies must be caught on legal sport fishing tackle (hook & line) in strict compliance with all local and state fishing regulations.
- This is a total catch and release tournament. Live bait and trolling are allowed, but only one line per angler.
- The Kleeba/Chapter Challenge is, by definition, a WDNR tournament. Therefore, each boat in the contest must be marked. Participants will be mailed a CCMI decal that should be displayed during tournament hours on the side of your boat motor.

Contest Waters: Lake Monona and Waubesa, including upper Mud Bay and the Yahara River which connects these two lakes.

Determination of Winners: To qualify as a legal fish for purposes of this contest, muskies caught must be a minimum of 30". All fish must be released. Points awarded are based on 4 points for each release and 1 point for each inch over 30 inches. Any measurement of 1/2" or longer will be rounded up and any measurement below the 1/2 inch will be rounded down. The team with the most points wins (any tie will be resolved by time of first catch of the winning team). Remember, this is intended to be a fun and friendly competition between chapters.
